

IRWIN CARR CONSULTING

Irwin Carr are an environment consultancy who carry out noise and air quality assessments throughout the UK and Ireland for a wide range of agricultural, commercial, industrial and residential led development projects.

We offer a range of technical support services to both private and public sectors, input into Environmental Impact Assessment (EIA) and Environmental Permitting applications and our reports are submitted for assessment by the local Environmental Health Department or the relevant statutory governing agency such as Northern Ireland Environment Agency (NIEA) and Environment Protection Agency (EPA) in the Republic of Ireland.

WWW.IRWINCARR.COM

SENIOR/ASSOCIATE ACOUSTIC CONSULTANT

We are seeking a Senior/Associate Acoustic Consultant. The role presents a great opportunity to enhance the existing Irwin Carr capabilities with your own experience and knowledge, and to play a part in growing the wider consultancy practice.

The candidate can be based in either our Belfast or Warrenpoint offices (hybrid working arrangements will be considered), with the flexibility to travel as per client and work requirements.

THE SUCCESSFUL CANDIDATE WILL:

- Have a relevant third level qualification meeting the requirements to be MIOA registered
- Full driving license with access to a vehicle for business purposes
- The level of the post within the company will be commensurate with experience, but we would seek at least three and preferably more than five years' experience in the field of acoustics

ABOUT THE ROLE:

The role will typically include:

- Overseeing and reviewing work of other junior staff members
- Managing projects requiring environmental permitting, especially related to baseline environmental noise studies, noise modelling, environmental impact assessment, mitigation plan development, and/or acoustic monitoring programs
- Projects generally include large scale renewable energy projects such as wind farms and anaerobic digestion sites, residential development sites and BS4142 type assessments

The successful candidate will be required to manage their own workload, liaise with a range of clients and team members both locally and nationally.
